

# SCAP 2020

Sustainable Clothing Action Plan

Bringing together forward-thinking organisations from across the clothing supply chain to:

- **Re-invent** how clothes are designed and produced to reduce carbon, water and waste.
- **Re-think** how we value clothing, encouraging people to use clothing for longer and extend its useful life.
- **Re-define** what is possible by maximizing the benefits from re-use and recycling.

# 2019 results

- SCAP has **exceeded** its target of **reducing water** by 15% (currently 18%)
- **On track** to meet its carbon target by 2020
- 4% reduction in clothing going to landfill and incineration
- **620,000** tonnes of textiles were collected for re-use and recycling in 2018

# KEY OPPORTUNITIES TO DRIVE CHANGE

Designing clothing made to last

Selecting suitable fibres and fabrics

Citizen guidance

Re-using clothes

Recycling clothes

# Courtauld 2025

# Courtauld Commitment 2025

A collective 10-year ambition. Between 2015-2018 we achieved

**7%**

20%

**reduction**

in food waste  
per person

target  
by **2025**

**reduction**  
in water impact

95%

of signatories acting to  
**improve** water use

**7%**

20%

**reduction**

in GHG  
per person

target  
by **2025**

# \*27% reduction in food waste 2007 - 2018

\*UK progress against Courtauld 2025 targets and UN SDG12.3

# On the right track

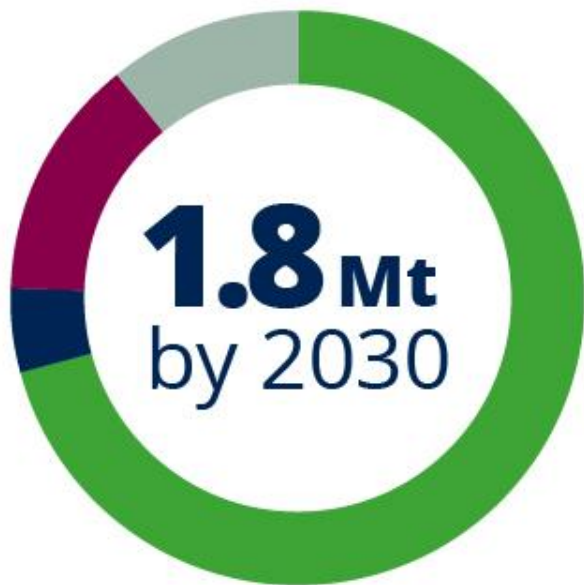

But need to do more to achieve Courtauld 2025 and UN SDG12.3

250,000

90,000

200,000

1.3Mt

**More evidence**  
needed to inform action

Government agenda

Greener

Prosperous

Fairer

Core themes

Build on recycling record

Driving innovation and materials use

Supporting prevention and reuse

Investing in infrastructure

Enabling communities & businesses

Using Government levers

Headline actions

Become world leader in recycling

Efficient use of food

Invest in clean technology for materials collection

Enable collective community action

Phase out single use plastic

Prioritise procurement of wood, re-manufactured and recycled content

Create business opportunities

Take full responsibility for our waste

WRAP programme

CCP Consumer Behaviour Change

Public Sector Procurement

Food Waste Prevention Courtauld Consumer Behaviour Change

Circular Economy Fund CCP

Consumer Behaviour Change

Recycled Content CEF

UK Plastics Pact Public Sector Procurement Recycled Content CEF

# Beyond Recycling

- Two major service changes for local authorities
- Biggest ever recycling campaign in Wales on behalf of Welsh Government
- Launch of £6.5million Circular Economy Fund
- Supporting Public Sector procurements to be more sustainable
